SUBJECT: Fiscal Year 2013 Employer Paid Fringe Benefits

Employer paid fringe benefits are incorporated in the Statewide Payroll System (SPS). The only fringe benefit outside of the SPS is Workers' Compensation which is billed annually to each agency by the Injured Workers' Insurance Fund. Attached is an updated table. Fiscal year 2013, fringe benefits will be charged as follows:

Retirement/Pension Subsidy – New rates are provided for most State Systems. New rates will be implemented for the first pay period which ends July 10, 2012 for the Regular system and July 14, 2012 for the University system.

Match of Employee Contributions to the Maryland Supplemental Retirement Plans [457, 403 (b) and 401 (k)]. The employee match for FY 2013 will not be funded.

Unemployment Insurance Premium - The 0.28% rate remains effective July 1, 2012. Unemployment Insurance Wages exclude cafeteria plans, dependent and health care plans, and parking deductions.

FICA (Social Security and Medicare) – The rate is unchanged through calendar year 2012.

Medicare Insurance Subsidy – The rate is unchanged through calendar year 2012.

Health Insurance Subsidies - Health Insurance subsidies will be updated for July 1, 2012.

Special Subsidy - The rate for fiscal year 2013 will be 55.52%. The Special Subsidy (retiree health subsidy) will appear on each Agency total page of the payroll and check register, the cost tape and subsequent R*STARS transactions. It will not appear on the employee's earnings statement (pay stub).

Other Post-Employment Benefits (OPEB) - This subsidy for fiscal year 2013 will not be funded.

Implementation will take place effective with the first cash payday in July, 2012 unless otherwise noted in the discussion above. The first cash payday is July 4th for Regular system, July 6th for University and July 11th for the Contract system.

**FISCAL YEAR 2013
EMPLOYER PAID FRINGE BENEFITS**

1. Retirement/Pension Subsidy - This subsidy is applied by the Statewide Payroll System when the employee is established in a retirement or pension system. It is computed as a percent of the stated annual salary, divided by the number of pay period ending dates for the fiscal year over which the employee's deduction would be active (divisor column below) and taken as a fixed amount from the first dollar of wages. This subsidy is charged whenever wages are paid, even if by nature of the plan the employees do not make a contribution or do not make a contribution until reaching the value of the OASDI FICA wage base (\$110,100 in calendar 2012). However, if the employees are required to make a contribution and have insufficient wages for their own contribution, no subsidy will be charged.

Agencies with employees who have Baltimore City Retirement or Pension (Deductions 15, BC or BW) or County Retirement or Pension (Deduction 44) are responsible for directly remitting the matching employer share to the appropriate office and charging the proper object and Comptroller of Maryland (COM) sub-object through R*STARS.

* All employee contributions for these systems are Federal income tax sheltered but continue to be taxable for FICA (Social Security) and Maryland State income tax.

** Represents 21 pay non-faculty employees with the Maryland School for the Deaf.

2. **FICA (Social Security) Subsidy** - This subsidy is applied by the Statewide Payroll System when the employee is FICA taxable and pays the employee share of FICA. Employees that are automatically excluded as non-FICA taxable are students, patients and inmates on the Special Payments Payroll (CT). Others may be excluded by filing the FICA exemption card. When the employee reaches the FICA OASDI (Old Age, Survivors, and Disability Insurance) tax wage base (\$110,100 in 2012), the Medicare (Hospital Insurance) tax alone is applied to the additional wages without any wage base limitation.

NOTE: The employee share of FICA (Social Security) has been reduced for calendar year 2012 by 2% to 5.65%. The employer's share will remain at full rate, 7.65%. The wage base for the FICA OASDI taxes in calendar 2013 will be announced prior to January 1, 2013. The tax percentages for employees are expected to return to 7.65% for calendar year 2013.

3. **Medicare Insurance Subsidy** - This subsidy is applied by the Statewide Payroll System when the employee is only Medicare Insurance taxable and pays the employee share of Medicare Insurance. It applies to Federal Civil Service Employees on the University of Maryland Payroll and new members of the State Police Retirement System and the Baltimore City Fire and Police system on the Regular Payroll who entered State employment on and after April 1, 1986. The employee and employer shares of Medicare Insurance Tax are applied to every dollar of Medicare Insurance taxable wages.

4. Health Insurance Subsidies -These subsidies are applied by the Statewide Payroll System when the employee is enrolled in a health plan and pays the employee and/or employee & domestic partner health premiums. For bi-weekly employees in Fiscal Year 2013, two pay periods of the fiscal year are omitted for both the employee and employer contribution since the premium is only taken 24 times per year. Monthly employees pay their premium each time they are paid. Employee and employer health rates are applied at the direction of the Department of Budget and Management. All employee payroll deductions for themselves and/or their family health plan selections are taken on a pre-tax basis. All payroll deductions for domestic partner health coverage are taken on a post tax basis. Benefits provided to an employee's domestic partner are treated as additional wages of the employee unless the domestic partner qualifies as a spouse or a dependent under the IRC. [Treas. Reg. §§ 31.3121(a) (2) -1, 31.3306(b) (2) -1].
