INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Maryland Transportation Authority
Baltimore, Maryland

Report on the Financial Statements

We have audited the accompanying financial statements of business-type activities of the Maryland Transportation Authority (the Authority), an enterprise fund of the State of Maryland, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the entity's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Maryland Transportation Authority as of June 30, 2013, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The introductory section and statistical information as listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2013, on our consideration of the Maryland Transportation Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**Maryland Transportation Authority
Management's Discussion and Analysis
June 30, 2013**

The following Management's Discussion and Analysis (MD&A) provides an overview of the Maryland Transportation Authority's (Authority) financial performance for the fiscal year ending June 30, 2013. As you read the MD&A, 2013 refers to the fiscal year ending June 30, 2013, and 2012 refers to the fiscal year ending June 30, 2012. This narrative intends to supplement the Authority's audited financial statements, which are comprised of the basic financial statements and the notes to the financial statements.

FINANCIAL HIGHLIGHTS

- Net position increased \$167.1 million, or 5.7%, in 2013 as compared to 2012.
- As of June 30, 2013, assets exceeded liabilities by \$3.1 billion.
- As a result of significant infrastructure investment, capital assets, net of accumulated depreciation, increased by \$245.7 million, or 4.9%, from 2012.

Expansion project growth related to the Intercounty Connector (ICC) and Express Toll Lanes (ETL) on the John F. Kennedy (JFK) Memorial Highway (I-95) totaled \$147.0 million in 2013.

System preservation and restoration of existing facilities totaled \$178.4 million in 2013.

- Issued \$135.5 million of Baltimore/Washington International Thurgood Marshall Airport (BWI Marshall Airport) Passenger Facility Charge Revenue Bonds (Qualified Airport Bonds – AMT) Series 2012B and Variable Rate Series 2012C to finance a portion of certain airport related projects located at BWI Marshall Airport.
- For the year ending June 30, 2013, the Authority had total bonded debt outstanding of \$3.4 billion, which includes \$2.3 billion in revenue bonds backed by the Authority's toll revenues, and \$1.1 billion in debt backed by sources external to the Authority. The Authority's revenue bonds remain below the statutory cap of \$3.0 billion and have strong rate covenant coverage of 2.07 versus a 1.0 requirement.
- Operating revenues increased in 2013 due to annualization of a new toll rate structure for cars and commercial vehicles implemented in 2012. Further increases will take place in 2014 as the result of phased implementation of the toll rate structure.
- Legislation enacted during 2013 provides enhanced enforcement tools for toll violators. The new law, to be fully implemented in October 2013, allows for the non-renewal or suspension of a vehicle's registration or referral to Maryland's Central Collection Unit for failure to pay a toll.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Authority is an independent agency of the State of Maryland that was created to manage the State's toll facilities as well as to finance new revenue-producing transportation projects on behalf of the Maryland Department of Transportation (MDOT). The Authority is a non-budgeted agency that relies solely on revenues generated from its transportation facilities. Disposition of these revenues is governed by a Trust Agreement between the Authority and its Trustee. The Authority is accounted for as a proprietary-type enterprise fund using the accrual basis of accounting, similar to a private business entity.

Financial Statements

The financial statements included in this report are the: Statement of Net Position; Statement of Revenues, Expenses, and Changes in Net Position; and Statement of Cash Flows. These statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB).

Statement of Net Position

The Statement of Net Position depicts the Authority's financial position as of a point in time and includes all assets and liabilities of the Authority. The net position represents the residual interest in the Authority's assets after liabilities and deferred inflows are deducted and are displayed in three components: 1) Net Investment in capital assets 2) restricted; and 3) unrestricted.

Statement of Revenues, Expenses and Changes in Net Position

The Statement of Revenues, Expenses, and Changes in Net Position reports the revenues and expenses of the Authority that are used to measure the success of the Authority's operations for a given period of time and how the Authority has funded its operations.

Statement of Cash Flows

The Statement of Cash Flows reconciles the changes in cash and cash equivalents with the noncapital financing, capital financing, and investing activities.

Notes to the Financial Statements

The Notes to the Financial Statements provide additional information that is essential to the full understanding of the data provided in the financial statements. The Notes to the Financial Statements can be found on pages 24 to 64 of this report.

FINANCIAL ANALYSIS

Financial Position

Table 1 is a summarized version of the Statement of Net Position for the years ending June 30, 2013 and 2012. The table reflects the Authority's overall change in financial resources and claims on those resources. The majority of the Authority's assets consist of cash, investments, direct financing lease receivables and capital assets. Liabilities primarily represent accounts payable, accrued liabilities and bonds payable.

**Table 1: Assets, Liabilities, and Net Position
(In Thousands)**

	For the Year Ending June 30			
	2013	2012*	Variance	% Change
Current Assets	\$ 886,270	\$ 940,787	\$ (54,517)	-5.8%
Noncurrent Assets	637,311	610,519	26,792	4.4%
Capital Assets, net	5,227,262	4,981,564	245,698	4.9%
Total Assets	\$ 6,750,843	\$ 6,532,870	\$ 217,973	3.3%
Current Liabilities	\$ 396,467	\$ 359,711	\$ 36,756	10.2%
Long-Term Bonds Payable	3,241,285	3,235,799	5,486	0.2%
Other Long-Term Liabilities	26,773	21,108	5,665	26.8%
Total Liabilities	\$ 3,664,525	\$ 3,616,618	\$ 47,907	1.3%
Deferred Inflow of Resources	3,000	-	3,000	100.0%

* For comparison purposes, FY 2012 has been reclassified to conform to GASB No. 62 and GASB No. 63.
See Note 1, New Accounting Pronouncements

**Maryland Transportation Authority
Management's Discussion and Analysis
June 30, 2013**

Current Assets

Current assets decreased by \$54.5 million, or 5.8%, in 2013 as compared to 2012. The decrease in 2013 occurred primarily due to the Authority's investments decreasing by \$77.3 million, or 10.9%. This decrease was offset by an increase in cash and cash equivalents of \$12.9 million, or 7.4%. The decrease in investments was driven by increased capital spending on the infrastructure of the Authority. The increase in cash and cash equivalents was primarily due to the new toll structure on Authority facilities which increased E-ZPass reciprocity.

Noncurrent Assets

Noncurrent assets increased by \$26.8 million, or 4.4%, in 2013 as compared to 2012. The increase is primarily the result of an increase in direct financing lease receivables in the amount of \$26.8 million, or 8.7%, which is largely due to an increase of \$37.3 million in debt service payments due to the issuance of \$135.5 million in conduit debt for the Maryland Aviation Administration (MAA).

Capital Assets, net

Table 2 is a summarized version of the Authority's ending capital assets, net of depreciation, for the years ending June 30, 2013 and 2012. Investment in capital assets include land and improvements, construction in progress, buildings, machinery and equipment, highways, bridges, and tunnels. Details of capital assets, additions, and depreciation are included in Note 4 to the financial statements.

**Table 2: Capital Assets, Net of Depreciation
(In Thousands)**

For the Year Ending June 30

	<u>2013</u>	<u>2012</u>
Non-depreciated:		
Land	\$ 387,239	\$ 383,687
Construction in progress	1,217,254	1,007,407
	<u>1,604,493</u>	<u>1,391,094</u>
Depreciated:		
Infrastructure	3,558,225	3,532,211
Buildings	38,413	34,436
Machinery and Equipment and Vehicles	26,131	23,823
	<u>3,622,769</u>	<u>3,590,470</u>
Total Capital Assets, Net	<u>\$ 5,227,262</u>	<u>\$ 4,981,564</u>

**Maryland Transportation Authority
Management's Discussion and Analysis
June 30, 2013**

Capital Assets, net of depreciation, increased by \$245.7 million, or 4.9%, in 2013 as compared to 2012. The Authority's capital assets were principally funded by revenue bond proceeds, Authority revenues, and contributions from the State of Maryland. The increase in 2013 is primarily attributable to the ICC and ETL projects. The ICC is an 18 mile, 6-lane; congestion-managed toll highway located in the Maryland suburbs of Washington DC. It is the eighth toll facility owned and operated by the Authority. The ETL is an expansion project designed to relieve congestion and improve interchanges on the JFK Memorial Highway (I-95) north of Baltimore. During 2013, ICC and ETL expenditures totaled \$68.5 and \$78.5 million, respectively. Total depreciation expense in 2013 increased by 116% when compared to the prior fiscal year. This increase is mainly attributed to the capitalization of ICC contracts in 2012 and subsequent depreciation in 2013, which accounted for 83% of the increase in depreciation expense. Additionally, the Authority invested \$178.4 million in preservation and restoration projects throughout its other facilities.

Current Liabilities

Current liabilities increased by \$36.8 million, or 10.2%, in 2013 as compared to 2012. The majority of the increase is due to increases in accounts payable and accrued liabilities and the current portion of bonds payable, which totaled \$28.7 million and \$11.9 million, respectively. This was offset by intergovernmental payables, which decreased by \$7.4 million. The increase in accounts payable and accrued liabilities is the result of increased construction spending. Bonds payable increased due to the issuance of \$135.5 million in conduit debt for MAA in 2013. Intergovernmental payables decreased due to increased construction spending from passenger facility charges at BWI Marshall Airport.

Noncurrent Liabilities

Noncurrent liabilities increased by \$11.2 million, or 0.3%, in 2013 as compared to 2012. The change is attributed to an increase in the noncurrent portion of bonds payable in the amount of \$5.5 million and in contractor deposits and retainage in the amount of \$5.7 million. The noncurrent portion of bonds payable primarily increased due to the issuance of \$135.5 million of BWI Thurgood Marshall Airport Passenger Facility Charge Revenue Bonds (Qualified Airport Bonds – AMT) Series 2012B and Variable Rate Series 2012C to finance a portion of certain airport related projects located at BWI Marshall Airport. Details of bonds payable are included in Note 5 to the financial statements. Contractor deposits and retainage fluctuate based on the number of active construction contracts and the percentage of completion for these contracts.

For the year ending June 30, 2013, the Authority had total bonded debt outstanding of \$3.4 billion. The debt is comprised of revenue bonds, Grant Anticipation Revenue Vehicle (GARVEE) bonds, and conduit debt. The revenue bonds are backed by the Authority's toll revenue. The GARVEE and conduit bonds are backed by sources external to the Authority.

**Maryland Transportation Authority
Management's Discussion and Analysis
June 30, 2013**

Table 3 is a summary of outstanding debt.

**Table 3: Outstanding Bond Debt
(In Thousands)**

	<u>2013</u>	<u>2012</u>
Transportation Facility Revenue	\$ 2,295,512	\$ 2,321,595
GARVEE	479,035	539,355
Conduit Debt:		
BWI Airport PFC Revenue	195,780	72,905
BWI Airport Rental Car Facility	99,040	101,440
BWI Airport Parking Garage Revenue	182,025	190,560
Metrorail Parking Revenue	31,860	33,175
Calvert Street Parking Revenue	<u>19,995</u>	<u>20,670</u>
Deferred Amount on Refunding	(11,423)	(12,787)
Unamortized Premium	<u>73,751</u>	<u>81,321</u>
Total Bond Debt, Net	<u>\$ 3,365,575</u>	<u>\$ 3,348,234</u>

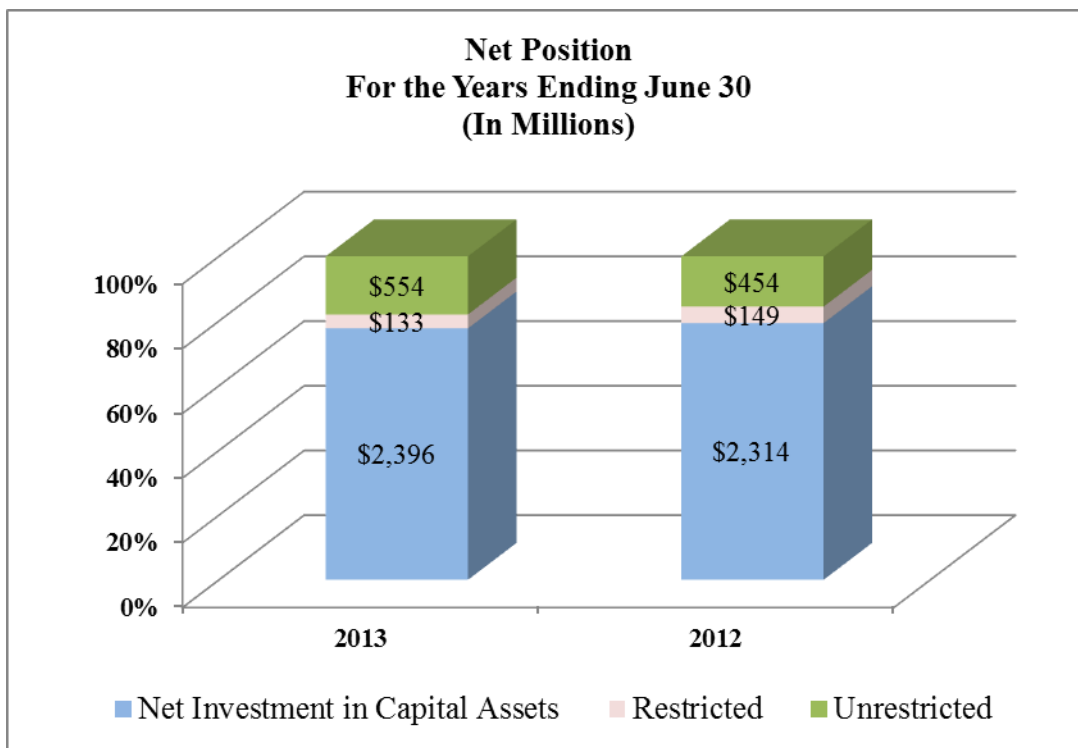

The Authority's revenue bonds have underlying ratings of AA- by Standard & Poor's Ratings Services and Fitch Ratings and Aa3 rating by Moody's Investors Service. Pursuant to legislation, the Authority may issue revenue bonds secured by toll revenues in any amount provided the aggregate outstanding balance does not exceed \$3.0 billion as of fiscal year end. The Authority is subject to the provisions and restrictions of the Trust Agreement with the Trustee, The Bank of New York Mellon, dated as of September 1, 2007, as amending and supplemented. The Authority's rate covenant coverage for 2013 as defined by the Trust Agreement was 2.07 versus a 1.00 requirement.

Deferred Inflow of Resources

The Authority reported \$3 million as a deferred Inflow of resources in 2013 on the Statement of Net Position; this amount represents a onetime payment from Areas, USA, the company developing the Maryland travel plazas. See Note 4 for additional information concerning service concession agreements.

Total Net Position

Net position increased by \$167.1 million, or 5.7%, in 2013 as compared to 2012. In 2013, increases of \$82.8 million in net investment in capital assets and \$100.2 million in unrestricted assets were offset by a decrease of \$16 million in restricted assets. The increase in net investments in capital assets, resulted from the Authority's use of cash reserves in the restoration of existing facilities in excess of capital assets acquired through the use of bond proceeds less unspent bond proceeds and the change in depreciation between 2013 and 2012. As the Authority spent down bond proceeds in 2013, restricted assets decreased while unrestricted assets increased.

Results of Operations

Table 4 is a summarized version of the Statement of Revenues, Expenses, and Changes in Net Position for the years ending June 30.

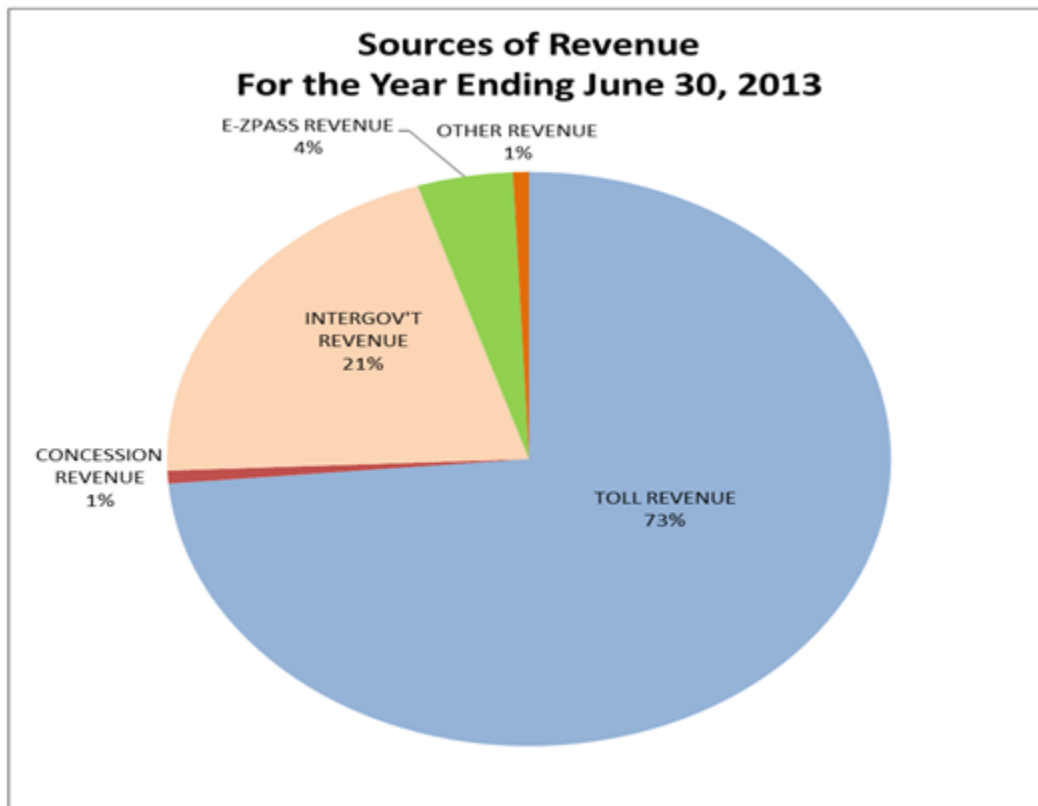

**Table 4: Revenues, Expenses, and Changes in Net Position
(In Thousands)**

For the Year Ending June 30

	2013	2012	% Change
Operating revenues	\$ 617,334	\$ 578,197	6.8%
Operating expenses	<u>346,485</u>	<u>309,073</u>	12.1%
Net operating revenue	270,849	269,124	0.6%
Non-operating revenues (expenses)	<u>(103,783)</u>	<u>(95,918)</u>	8.2%
Increase in net position	<u>\$ 167,066</u>	<u>\$ 173,206</u>	-3.5%

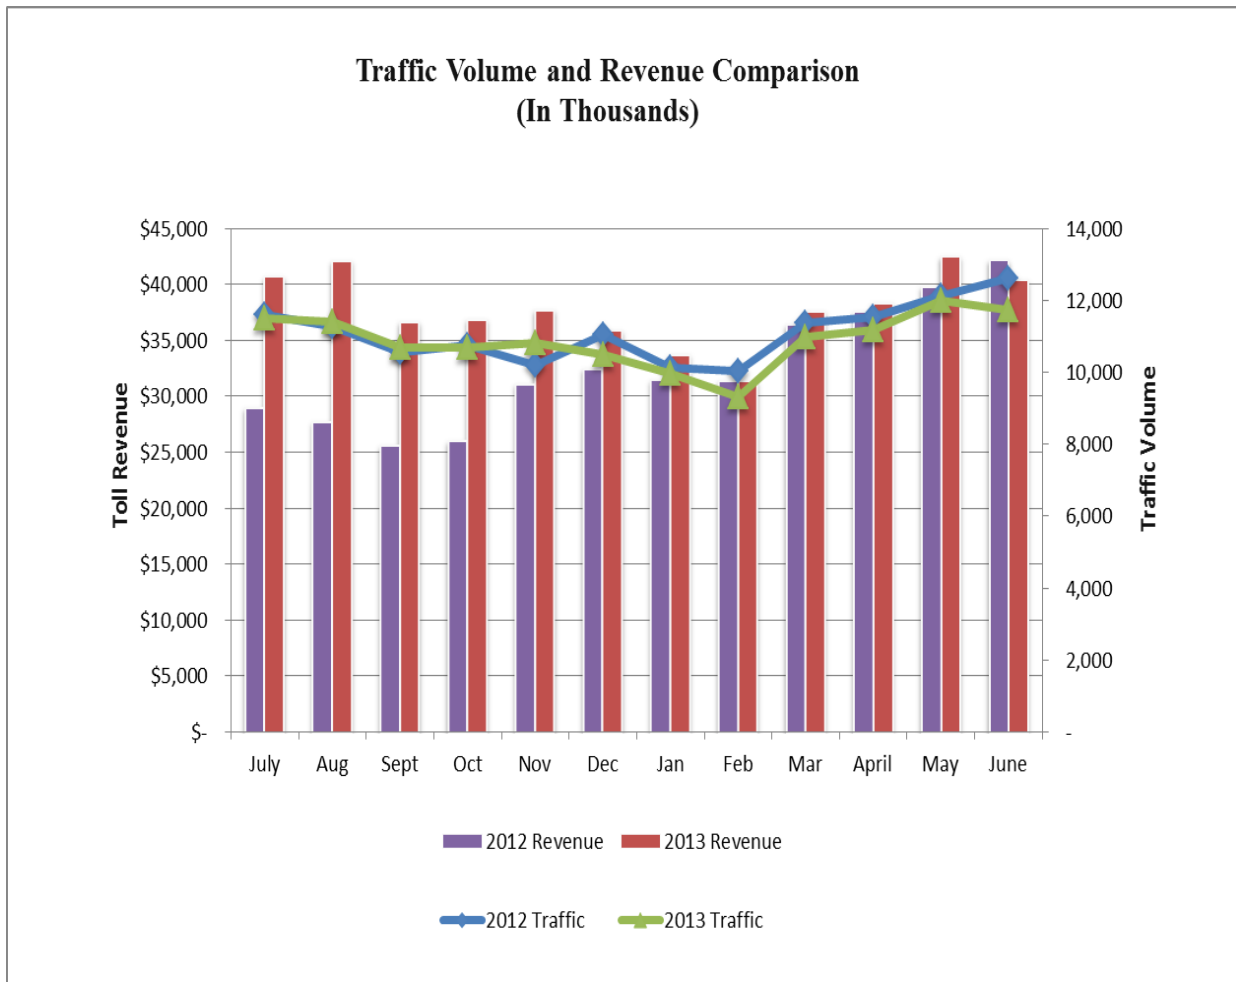

Operating Revenues

Operating revenues increased by \$39.1 million, or 6.8%, in 2013 as compared to 2012. The increase from 2012 is attributed to toll revenues and E-ZPass revenues of \$65.3 million and \$3.9 million respectively. This is offset by a decrease in intergovernmental revenue, concession revenue and other revenue of \$23.8 million, \$3.5 million and \$2.8 million, respectively. Toll revenue and E-ZPass revenue increased due to annualization of the new toll structure implemented by the Authority in 2012. Intergovernmental revenue primarily decreased as a result of a decrease of \$46.2 million in funding from the State of Maryland for the ICC in 2013 in accordance with the statutory payment schedule and a \$6.0 million decrease in funding from MDOT due to the expiration of a grant funding agreement with MDOT. This decrease in intergovernmental revenue was offset by an increase of \$28.4 million from the Federal Highway Administration for the debt service payments for the GARVEE Series 2007 and 2008 bonds. Concession revenue decreased primarily due to the temporary closure of the Maryland House travel plaza during reconstruction. Other revenue primarily decreased as a result of reduced insurance recoveries.

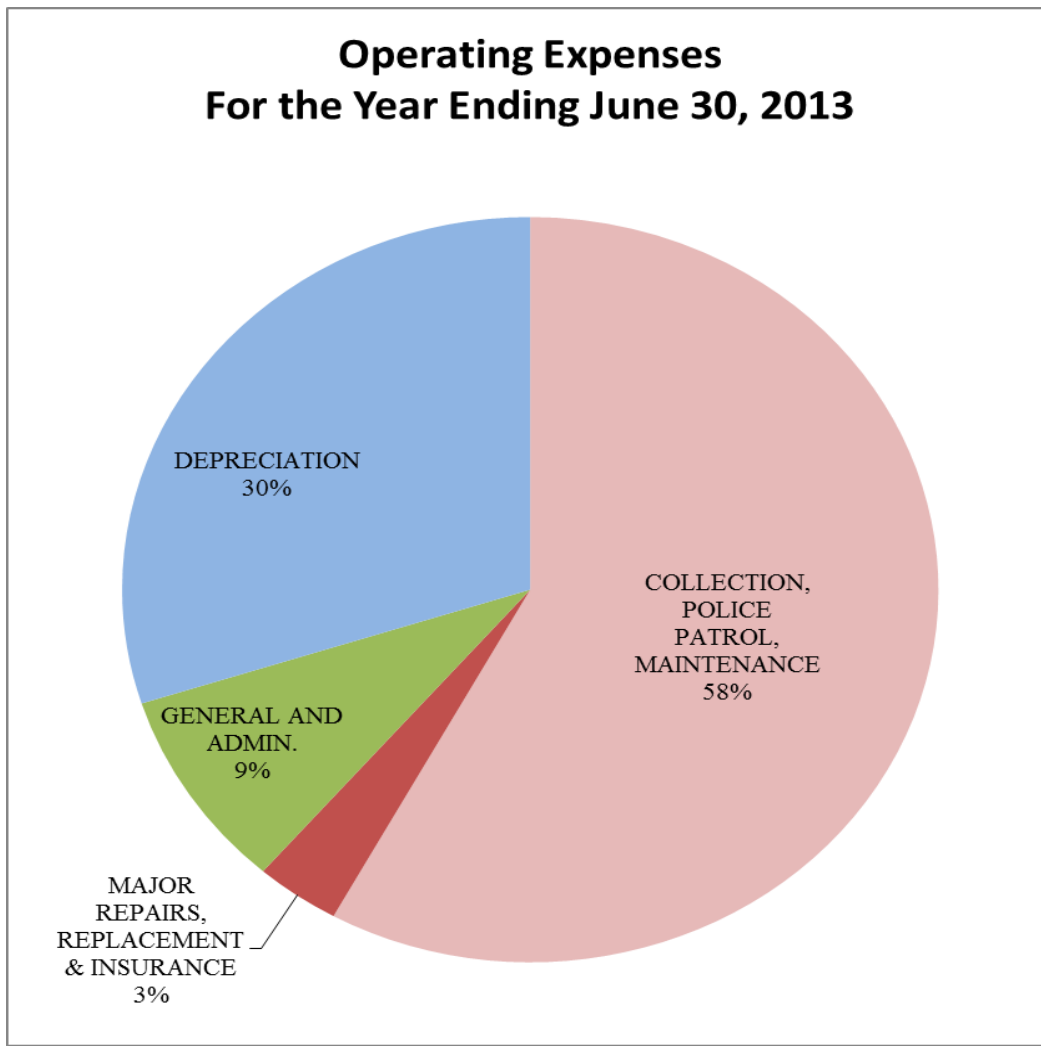

Traffic Volume and Revenue Comparison

A direct correlation exists between traffic volume and toll revenue as shown in the following graph. Despite a decrease of 1.9% in traffic volume in 2013 as compared to 2012, toll revenue increased by 16.2%. Toll revenue increased due to annualization of a new toll structure initiated by the Authority in 2012 and the ramp-up of traffic on the ICC. The new toll structure was implemented in November 2011 for passenger traffic and January 2012 for commercial traffic. The ICC opened to traffic in 2012. In 2013, traffic volume on the ICC increased 32.6% as compared to 2012 due to the ramp up in traffic for the new facility, while traffic volume at existing facilities decreased by 5.6% due to the new toll structure.

Operating Expenses

Operating expenses increase by \$37.4 million, or 12.1%, which is the net result of an increase of \$24.5 million in Collection, Patrol and Maintenance expenses, an increase of \$55.8 million in depreciation and a decrease of \$43.3 million in Major Repairs and Replacements. The \$24.5 million increase in Collection, Patrol and Maintenance is the result of increases of \$11.5 million for on-call construction costs, \$7.2 million for salaries and benefits, \$3.0 million for inspections costs, \$2.2 million for professional services and \$1.3 million for E-ZPass costs. In 2013, the Authority recategorized certain expenses from Major Repairs and Replacements into Collection, Patrol and Maintenance and Capital Assets. Therefore, the decrease in Major Repairs and Replacements is offset by increases in these categories. The increase in depreciation is largely associated with the ICC as explained previously in the Capital Assets section.

Non-Operating Revenues and Expenses

Non-operating revenues and expenses increased by \$7.9 million, or 8.2%, in 2013 as compared to 2012. Increases of \$6.7 million caused by loss on disposals and \$8.7 million on interest expense were offset by a \$5.8 million decrease in investment revenue and restricted interest income on investments. Loss on disposals increased due to the replacement of major Authority infrastructure that was not fully depreciated. Interest expense increased primarily due to a decrease in capitalized interest. Investment revenue and restricted interest income on investments declined as a result of lower average investment balances and prevailing interest rates during the fiscal year.

Economic Outlook

The Authority's traffic through its toll facilities has historically demonstrated less elasticity to economic conditions relative to other tolling systems nationally. MDTA benefits from its essential highway, bridge, and tunnel system serving the northeast corridor, as well as favorable proximity to government employment and a strong regional economy. The most recent toll increase implemented on July 1, 2013 may influence traffic levels in the short-term, but historical data suggests that any dislocations will be short-term and traffic growth may resume as a function of external economic factors such as population, employment, fuel prices, and GDP growth. The Federal Open Market Committee is forecasting continued GDP growth and declines in unemployment for calendar 2013 and 2014. Maryland employment that increased 0.70% over the twelve-month period ended June 2013 may help support traffic levels, though traffic is projected to decline in fiscal 2014 as a function of the toll increase and return to a long term growth trend beginning in fiscal 2015.

REQUESTS FOR INFORMATION

For additional information concerning the Authority, please see the Authority's website, www.mdt.state.md.us. Financial information can be found in the About the Authority section of the website. The Authority's executive offices are located at 2310 Broening Highway, Suite 150, Baltimore, Maryland, 21224, and the main telephone number is 410-537-1000.

NOTES TO THE FINANCIAL STATEMENTS

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Legislative Enactment

The Maryland Transportation Authority (Authority) was established by the Maryland General Assembly enactment of Chapter 13 of the Laws of Maryland of 1971. The Authority is part of the primary government of the State of Maryland and is reported as a proprietary fund and business-type activity within the State of Maryland's financial statements.

The legal mandate of the law that establishes the Authority and defines its purpose specified that the Authority was created to manage the State's toll facilities, as well as to finance new revenue-producing transportation projects on behalf of the Maryland Department of Transportation. The Authority is responsible for the supervision, financing, construction, operation, maintenance and repair of the State's toll facilities in accordance with an Amending and Restated Trust Agreement dated as of September 1, 2007 (the Trust Agreement) and the Supplemental Trust Agreements dated as of March 1, 2008; April 29, 2008; December 1, 2008; December 1, 2009; July 1, 2010; and February 1, 2012, relating to the Maryland Transportation Authority - Transportation Facilities Projects Revenue Bonds, Series 1992, 2004, 2007, 2008, 2008A, 2009A, 2009B, 2010A, 2010B and the Transportation Facilities Projects Revenue Refunding Bonds Series 2012, respectively.

The Authority is responsible for various projects (the Transportation Facilities Projects, as defined under the Trust Agreement), the revenue from which has been pledged to the payment of the toll revenue bonds issued under the Trust Agreement. The Transportation Facilities Projects consist of the following:

- Potomac River Bridge - Harry W. Nice Memorial Bridge
- Chesapeake Bay Bridge - William Preston Lane, Jr. Memorial Bridge
- Patapsco Tunnel - Baltimore Harbor Tunnel
- Baltimore Outer Harbor Crossing - Francis Scott Key Bridge
- Northeastern Expressway - John F. Kennedy Memorial Highway
- Fort McHenry Tunnel
- Intercounty Connector (ICC)

In addition to the above facilities, the Authority is permitted to construct and/or operate other transportation facilities projects, the revenues from and for which are also pledged to the payment of the bonds issued under the Trust Agreement unless and until, at the Authority's option, such revenue is otherwise pledged. These additional projects (the General Account Projects, as defined under the Trust Agreement) currently include the following:

- Susquehanna River Bridge - Thomas J. Hatem Memorial Bridge
- Masonville Phase I Auto Terminal
- Intermodal Container Transfer Facility

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

By Maryland statute, the Authority may issue revenue bonds to provide financing for other revenue-producing transportation-related projects. These bonds are secured by revenues pledged from the individual projects and are not secured by the toll revenues of the Authority, and are subject to separate trust agreements for each particular project. To date, the Authority has also issued revenue bonds for various transportation facilities projects at the Baltimore/Washington International Thurgood Marshall Airport (BWI Marshall Airport) in Anne Arundel County, MD; for vehicle-parking facilities projects at certain Metrorail stations operated by the Washington Metropolitan Area Transit Authority (WMATA) in Prince George's County, MD; for a State parking facility in Annapolis, MD; and for the Intercounty Connector between the I-270/I-370 and I-95/US 1 in Montgomery and Prince George's Counties. Therefore, under separate trust agreements, the Authority has issued Airport Parking Revenue Bonds, Series 2012A and 2012B to refund the previously outstanding Series 2002A and Series 2002B Airport Parking Revenue Bonds; BWI Consolidated Rental Car Facility Revenue Bonds, Series 2002; BWI Variable Rate Passenger Facility Charge Revenue Bonds, Series 2003A, 2003B and 2012C; BWI Passenger Facility Charge Revenue Bonds, Series 2012A and 2012B; Lease Revenue Bonds, Metrorail Parking Projects, Series 2004; Lease Revenue Bonds, Calvert Street Parking Garage Project, Series 2005; and Grant Anticipation Revenue Vehicle Bonds GARVEE Series 2007 and Series 2008.

The State of Maryland prepares a comprehensive annual financial report (CAFR). The Authority is an enterprise fund of the State of Maryland and is included in the basic financial statements of the CAFR of the State of Maryland.

Basis of Accounting Presentation

The Authority is accounted for as a proprietary fund engaged in business-type activities. In accordance with Government Accounting Standards Board (GASB) Statement No. 34, "*Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*," and with accounting principles generally accepted in the United States of America, the financial statements are prepared on the accrual basis of accounting, which requires recognition of revenue when earned and expenses when incurred.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results may differ from those estimates.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Operating and Non-Operating Revenues and Expenses

Operating revenues for the Authority are derived from toll revenues and related E-ZPass fees, travel plaza concessions, and intergovernmental revenues. Revenue is recognized on an accrual basis as earned. Operating revenues consist of tolls collected, concessions from facilities along the highways, and all other services rendered. Prepaid electronic tolls are recorded as unearned revenue until utilized or expired. Operating expenses include collection fees, maintenance and repairs of facilities, administrative, and depreciation expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash deposited with financial institutions, and investments with original maturities of three months or less at the time of purchase.

Receivables

Receivables include intergovernmental, direct financing lease, and accounts receivable. Intergovernmental receivables represent amounts due for police services and rental income. Direct financing lease receivable represents amounts due from obligors on conduit debt issued by the Authority. Accounts receivable represents the amounts due primarily from E-ZPass Interagency and concessionaires. The Authority uses the allowance method to provide for doubtful accounts based on management's evaluation of the collectability of receivables and past collection history. The Authority determines receivables to be delinquent when they become greater than 90 days past due. Receivables are written off when it is determined that amounts are uncollectible. As of June 30, 2013, management believes all receivables are collectible, and, as such, no allowance for doubtful accounts has been recorded.

Investments

Investments are carried at fair value with all income, including unrealized changes in the fair value of investments, reported as interest and other investment income in the accompanying financial statements.

The Authority's Trust Agreement defines the types of securities authorized as appropriate investments for the Authority and conditions for making investment transactions. Investment transactions may be conducted only through authorized financial dealers and institutions.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Inventory

Inventory consists primarily of spare parts, salt and supplies carried at cost using a weighted average cost method. The cost of inventory is expensed upon use (consumption method). The Authority analyzes inventory for impairment on a periodic basis. For the year ending June 30, 2013, the Authority determined no inventory was impaired, and, as such, no allowance was recorded.

Capital Assets

Capital assets, not being depreciated, consist of land and construction in progress which are recorded at historical cost. Land is determined to have an inexhaustible life. Construction in progress is transferred to a depreciating asset category upon completion of the project at which time depreciation will commence. Capital assets, net of depreciation, consist of buildings, building improvements, infrastructure, and machinery, equipment and vehicles, which are recorded at historical cost less accumulated depreciation. The Authority defines capital assets as assets with an initial individual cost of \$100 or more, and an estimated useful life in excess of 7 years.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense incurred by the Authority during the current fiscal year was \$129,461, of which \$34,295 was included as part of the cost of capitalized assets under construction and \$95,166 was expensed.

Land improvements, buildings, building improvements, infrastructure, machinery, vehicles and equipment are depreciated using the straight line method of depreciation over the following estimated useful lives:

Capital Asset Type	Useful Life
Land Improvements	20 Years
Buildings & Building Improvements	25-75 Years
Infrastructure	40-75 Years
Machinery, Equipment & Vehicles	10-20 Years

Restricted Assets

In accordance with the Trust Agreements, the Authority has established and maintains certain restricted accounts. Funds have been deposited in these accounts and are restricted for the payment of debt service related to the revenue bonds, major capital replacements, improvements, betterments, enlargements or capital additions and conduit related debt.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Compensated Absences

The Authority accrues compensated absences in accordance with GASB No. 16, “*Accounting for Compensated Absences*.” All full-time Authority employees, except contractual employees, accrue annual leave at variable rates based on the number of years employed by the State of Maryland. The maximum annual leave an employee can earn per calendar year is 25 days. At the end of each calendar year, an employee’s accrued annual leave may not exceed 75 days. All full-time Authority employees, except contractual employees, also accrue sick pay benefits. However, the Authority does not record a liability for accrued sick pay benefits, as neither the State of Maryland nor the Authority has a policy to pay unused sick leave when employees terminate from State service.

Arbitrage Payable

Arbitrage rebate requirements under Internal Revenue Code Section 148 apply to tax-exempt bond issuances issued after August 31, 1986. The law requires the computation and payment of arbitrage profits on unspent proceeds of a bond issue if the current investment of these funds yields a higher rate of return than the original bond issue. For the year ending June 30, 2013, there is no arbitrage liability due to the Internal Revenue Service.

Net Position

Net position is divided into three categories. Net investment in capital assets, includes capital assets less accumulated depreciation and outstanding principal of the related debt. Restricted net position reflects restrictions on assets imposed by parties outside the Authority. Net position restricted for capital expenses includes ICC restricted funds. Unrestricted net position are total net assets of the Authority less net assets invested in capital assets, net of related debt, and restricted net assets.

Deferred Financing Costs

Debt costs, which include underwriting, legal and other direct costs related to the issuance of debt, and bond premiums are amortized to interest expense over the contractible term of the debt using the effective interest method. Total amortization of debt issuance costs was \$1,161 and debt premium was \$7,280 for the year ending June 30, 2013.

New Accounting Pronouncements

The Authority has implemented the following GASB issued Statements:

GASB Issued Statement No. 60, “*Accounting and Financial Reporting for Service Concession Arrangements*”. This statement requires governments to account for and disclose any service concession agreements (SCA). The Authority has an SCA with Areas, USA to redevelop and operate the travel plazas on the John F. Kennedy Highway (I-95).

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

GASB Issued Statement No. 61, *“The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34”*. This statement modifies certain requirements for inclusion of component units in the financial reporting entity. This statement also amends the criteria reporting component units as if they were part of the primary government. Lastly, this statement also clarifies the reporting of equity interests in legally separate organizations.

GASB Issued Statement No. 62, *“Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements”*. This statement incorporates into GASB, accounting and financial reporting that is included in the FASB Statements and Interpretations, APB Opinions and Research Bulletins, which do not Conflict with or contradict GASB Statements, which were issued on or before November 30, 1989.

GASB Issued Statement No. 63, *“Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position”*. This Statement requires governments to account for deferred outflows of resources and deferred inflows of resources and net position elements in Concepts Statements No 4 as it relates to derivatives (GASB No 53) and SCAs (GASB No 60). This statement also provides a new statement of net position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position. The implementation of this Statement is reflected in the format of the Authority’s Statement of Net Position.

Upcoming Accounting Pronouncements

In March 2012, GASB issued Statement No. 65, *“Items Previously Reported as Assets and Liabilities”*; GASB issued Statement No. 66, *“Technical Corrections-2012-an amendment of GASB Statements No. 10 and No. 62.”* These statements will be effective for the Authority for the fiscal year ending June 30, 2014.

In June 2012, GASB issued Statement No. 67, *“Financial Reporting for Pension Plans-an amendment of GASB Statement No. 25”* and GASB issued Statement No. 68, *“Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27”*, these statements will be effective for the Authority for fiscal years ending June 30, 2014 and June 30, 2015, respectively. The Authority will implement these statements as of their effective dates.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. This Statement will become effective for reporting periods ending June 30, 2015. This Statement is not expected to have an impact on the Authority.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

In April 2013, GASB issued Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. This Statement requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee. This Statement will become effective for reporting periods ending June 30, 2014. This Statement is not expected to have an impact on the Authority as it currently makes no such financial guarantees.

The Authority has not completed the process of evaluating the impact that will result from adopting GASB statement No. 65, No. 66 and No. 67 and, therefore, is unable to disclose the impact that adopting these statements will have on the Authority's financial position.

NOTE 2 – DEPOSITS AND INVESTMENTS

Cash and Cash Equivalents

For the year ending June 30, 2013, carrying amounts and bank balances of cash on deposit with financial institutions were \$26,465 and \$21,710, respectively. Cash on hand totaled \$585.

Custodial credit risk – deposits. Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits may not be returned. Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are 1) uncollateralized, 2) collateralized with securities held by the pledging financial institution, or 3) collateralized with securities held by the pledging financial institution's trust department or agent but not in the government's name. The Authority's Trust Agreement requires the financial institutions to provide collateral that has a market value that exceeds the amount by which a deposit exceeds the deposit insurance.

Federal depository insurance covers the Authority's deposits with a financial institution up to specified limits, and the remaining balance is collateralized with securities that are held by the State of Maryland's agent in the State's name.

For the year ending June 30, 2013, the carrying amount of cash invested in money market mutual funds was \$261,530.

Custodial credit risk – investments. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, not registered in the name of the government, or held by either (a) the counterparty or (b) the counterparty's trust department or agent but not in the government's name. The Authority's Trust Agreement requires all investments to be registered in the Authority's name.

Credit risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Authority's Trust Agreement allows the Authority to invest in money

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

market mutual funds rated AAAM or Aaa-mf. As of June 30, 2013, the money market mutual funds held by the Authority were rated AAAM.

Investments

For the year ending June 30, 2013, the Authority's investments and quality ratings consisted of the following:

Investment Type	Fair Value	Investment Maturities (in Years)			Credit Ratings	
		Less Than 1	1-5	6-10	Ratings	NRSRO
U.S. Agencies	\$ 736,283	\$ 212,664	\$ 523,619	\$ -	AA+	S&P
SBA Pool Securities ⁽²⁾	4,650	-	4,650	-	Not Rated	
Municipal Bonds	59,872	-	49,252	10,620	AAA	Multiple ⁽¹⁾
	<u>\$ 800,805</u>	<u>\$ 212,664</u>	<u>\$ 577,521</u>	<u>\$ 10,620</u>		

(1) All municipal bond holdings have triple-A credit ratings from at least two Nationally Recognized Statistical Recognized Rating Organizations (NRSROs).

(2) Small Business Administration - Federally guaranteed

Interest rate risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. This risk is higher in debt securities with longer maturities. The Authority's Investment Policy limits investment maturities by fund in order to minimize interest rate risk and match maturities with expected funding needs. As a means of limiting its exposure to market value fluctuation, the Authority has limited investments in the Operating and Bond Funds to one year. The Operating Reserve Fund, Maintenance and Operations Fund, Capital Fund, and General Fund are limited to five years. The Debt Service Reserve Fund is limited to 15 years.

Credit risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Authority's policy allows for investment in obligations of the U.S. Treasury including bills, notes, and bonds; obligations of U.S. agencies; repurchase agreements secured by U.S. Treasury Obligations or Federal Agency Obligations; bankers' acceptances issued by a domestic bank or a federally chartered domestic office of a foreign bank with the short-term paper rated no lower than P-1 by Moody's Investor Services and A-1 by S&P; and municipal securities in the highest rating category by at least two NRSROs.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The Authority does not place a limit on the amount by issuer of U.S. Government Agency investments. The Authority's Investment Policy limits both commercial paper and municipal bond credit exposure to 20% of investments per sector, with single issuer exposures limited to 5%. SBA Pool securities are limited to 5% of investments and 0.5% per issue. The issuing commercial paper corporation must have short- and

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

long-term credit ratings from any two NRSROs of not less than first-tier and single-A, respectively, while municipal issues must have triple-A ratings.

More than 5% of the Authority's investments are in securities issued by the Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Federal Home Loan Bank, and Federal Farm Credit Bank representing 22.2%, 20.2%, 16.0%, and 9.2% of total investments, respectively.

NOTE 3 – RESTRICTED CASH AND CASH EQUIVALENTS AND RESTRICTED INVESTMENTS

Restricted assets are to be used to construct projects to be leased under direct financing lease agreements or to retire debt incurred to finance the assets leased.

The Authority's restricted cash and cash equivalents and restricted investments for the year ending June 30, 2013 are as follows:

Restricted Cash and Cash Equivalents	
Capital projects	\$ 22,666
Debt service and debt service reserves	90,058
Conduit projects:	
BWI projects	97,426
WMATA Metrorail projects	2,166
Calvert Street parking garage project	1,125
Total Restricted Cash and Cash Equivalents	<u>\$ 213,441</u>
Restricted Investments	
Debt service and bond reserves	82,140
Conduit projects:	
BWI projects	165,524
WMATA Metrorail projects	2,913
Total Restricted Investments	<u>\$ 250,577</u>
Total Restricted Cash and Cash Equivalents and Investments	<u>\$ 464,018</u>

Capital Assets, Net	<u><u>\$ 4,981,564</u></u>	<u><u>\$ 396,457</u></u>	<u><u>\$ (150,759)</u></u>	<u><u>\$ 5,227,262</u></u>

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Pollution Remediation Obligations

The Authority has recognized a pollution remediation obligation per GASB Statement No. 49 “*Accounting and Financial Reporting for Pollution Remediation Obligations*” on the Statement of Net Position. A pollution remediation obligation is an obligation to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities, including pre-cleanup activities, cleanup activities, government oversight and enforcement and post-remediation monitoring. Obligating events that initiate the recognition of a pollution remediation liability include any of the following:

- An imminent threat to public health due to pollution;
- The Authority is in violation of a pollution prevention-related permit or license;
- The Authority is named by a regulator as a responsible or potentially responsible part to participate in remediation;
- The Authority is named or there is evidence to indicate that it will be named in a lawsuit that compels participation in remediation activities; or
- The Authority voluntarily commences or legally obligates itself to commence remediation efforts.

The pollution remediation obligation is an estimate and subject to change resulting from price increases or reductions, technology advances or from changes in applicable laws or regulations. The liability is recognized as it becomes estimable. In some cases, this may be at inception. In other cases, components of a liability are recognized as they become reasonably estimable.

The measurement of the liability is based on the current value of outlays to be incurred using the expected cash flow technique. This technique measures the sum of probability-weighted amounts in a range of possible potential outcomes.

The Authority’s pollution remediation liability for the year ending June 30, 2013 is estimated to be \$350 for the removal of hazardous materials at various sites that the Authority owns.

Service Concession Arrangements

The Authority and Areas USA entered a 35-year Service Concession Agreement (SCA) agreement to redevelop and operate the two aging travel plazas along the John F. Kennedy Memorial Highway (I-95). The structure of the agreement between the Authority and Areas, USA is a long term lease and concession. The Authority retains ownership of the property and assets. All property and improvements, with the exception of the fueling systems are returned to the Authority at the end of the 35 year lease. The Authority will derive several financial benefits from this agreement including, reduced future operating and capital expenses; debt capacity will be reserved for core business activities, and revenue is guaranteed over the life of the agreement. Areas USA will invest \$56,000, which required no public subsidy or debt, to redesign and rebuild both the 48-year old Maryland House and the 36-year old Chesapeake House travel plazas.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Areas USA will operate and maintain the travel plaza through the year 2047. The expected completion of the redevelopment of the Maryland House is December, 2013 and construction of the new Chesapeake House travel plaza will begin in spring 2014. The Authority recognized a deferred inflow of resources of \$3,000 from this contract for the year ending June 30, 2013 as reported on the Statement of Net Position.

NOTE 5 – LONG-TERM LIABILITIES

Changes in long-term liabilities for the year ending June 30, 2013, are summarized as follows:

	<u>Balance</u> <u>June 30, 2012</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance</u> <u>June 30, 2013</u>	<u>Amount Due</u> <u>Within One</u> <u>Year</u>
Revenue Bonds	\$ 2,321,595	\$ 513	\$ (26,596)	\$ 2,295,512	\$ 27,070
GARVEE Bonds	539,355	-	(60,320)	479,035	63,260
BWI PFC Bonds	72,905	135,470	(12,595)	195,780	18,495
BWI Rental Car Facility Bonds	101,440	-	(2,400)	99,040	2,545
BWI Parking Garage Bonds	190,560	-	(8,535)	182,025	10,845
WMATA Metro- Rail Parking Bonds	33,175	-	(1,315)	31,860	1,380
Calvert Street Parking Garage Bonds	20,670	-	(675)	19,995	695

Revenue Bonds

The Series 1992, 2004, 2007, 2008, 2008A, 2009A, 2009B, 2010A, 2010B and the Series 2012 Revenue Refunding bonds issued in accordance with the provisions of the Trust Agreement, and the interest thereon, do not constitute a debt or a pledge of the faith and credit of the State of Maryland or the Maryland Department of Transportation (MDOT), but are payable solely from the revenue of the Transportation Facilities Projects of the Authority. These bonds carry certain financial covenants with which the Authority must comply.

Revenue Bonds outstanding for the year ending June 30, 2013 consisted of the following:

Series 1992 Revenue Bonds

Capital appreciation bonds maturing in annual installments of original principal \$817 to \$721 from July 1, 2013 to July 1, 2015, with approximate yields to maturity ranging at 6.35%	\$ 2,304
Accumulated accreted interest	<u>6,161</u>
<i>Total</i>	<u>8,465</u>

Series 2004 Revenue Bonds

Principal payments ranging from \$13,755 to \$15,235 from July 1, 2013 to July 1, 2015, and from \$7,105 to \$7,835 from July 1, 2030 to July 1, 2032 with coupons ranging from 5.00% to 5.25%, payable semiannually	65,865
Term bond maturing July 1, 2034 with a coupon of 5.00%	<u>16,860</u>
<i>Total</i>	<u>82,725</u>

Series 2007 Revenue Bonds

Principal payments ranging from \$1,070 to \$12,685 from July 1, 2013 to July 1, 2031, with coupons ranging from 4.00% to 5.00%, payable semiannually	150,030
Term bonds maturing July 1, 2037 and July 1, 2041 with coupons of 4.50%	<u>148,945</u>
<i>Total</i>	<u>298,975</u>

Series 2008 Revenue Bonds

Principal payments ranging from \$9,245 to \$31,070 from July 1, 2013 to July 1, 2038, with coupons ranging from 4.75% to 5.125%, payable semiannually	461,080
Term bond maturing July 1, 2041 with a coupon of 5.00%	<u>103,340</u>
<i>Total</i>	<u>564,420</u>

Maryland Transportation Authority

Grant and Revenue Anticipation Bonds, Series 2007 and Series 2008

During the year ending June 30, 2007, the Authority issued \$325,000 of Grant and Revenue Anticipation Bonds (GARVEE Bonds) Series 2007 and during the year ending June 30, 2009, the Authority issued \$425,000 of GARVEE Bonds Series 2008 to finance the Intercounty Connector Project (ICC). The ICC is an 18-mile toll highway located in Montgomery and Prince George's Counties. The True Interest Cost for each series was 4.00% and 4.31%, respectively. The Series 2007 bonds mature in annual installments of original principal ranging from \$24,345 to \$34,390 from March 1, 2008 to March 1, 2019. The Series 2008 bonds mature in annual installments or original principal ranging from \$30,295 to \$48,865 from March 1, 2010 to March 1, 2020.

The GARVEE Bonds are limited obligations of the Authority, payable solely from certain federal transportation aid available to the State of Maryland and other monies included in the trust estate created by the 2007 Trust Agreement, as amending and supplemented by a First Supplemental Trust Agreement in 2008, including certain state tax revenues that are pledged. The GARVEE Bonds are not general obligations of the Authority or legal obligations of the Maryland State Highway Administration, MDOT, or the State of Maryland.

Variable Rate Passenger Facility Charge Revenue Bonds (BWI Airport Facilities Projects), Series 2003A

During the year ending June 30, 2004, the Authority issued \$69,700 of BWI Airport Facilities Projects, Series 2003A and 2003B Bonds to finance a portion of the costs of certain projects (the Airport Facility Projects) located at BWI Marshall Airport. On September 11, 2006, the Maryland Aviation Administration (MAA) elected to redeem the 2003 Series B Bonds in the amount of \$5,600. The interest rates on the bonds are variable and the final weekly reset rate was 0.06% as of June 30, 2013. These bonds mature in annual installments of original principal ranging from \$3,200 to \$11,200 from July 1, 2007 to July 1, 2013.

The BWI facilities are leased to the MAA through a direct financing lease (see Note 10). The BWI Airport Facilities Projects Bonds are payable solely from Passenger Facility Charges (PFC) received by the MAA and deposited with the Trustee (M&T Bank). The PFC rate for 2013 was \$4.50 (not in thousands) and PFC collections for the year ending June 30, 2013 amounted to \$48,535. The Series 2003A debt service reserve fund was no longer funded as of June 30, 2013, due to sufficient funding of interest due on, and the final principal maturity of, the Series 2003A Bonds on July 1, 2013. The Series 2003 Bonds issued in accordance with the provisions of the 2003 Trust Agreement and interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, MDOT or the MAA, but are payable solely from the PFCs, which the Authority receives from MAA in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the Variable Rate PFC (BWI Airport Facilities Projects) Revenue Bonds for the year ending June 30, 2013:

Variable Rate Passenger Facility Charge Revenue Bonds, Series 2003A

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest *</u>	<u>Total</u>
2014	\$ 11,200	\$ 1	\$ 11,201

Passenger Facility Charge Revenue Bonds BWI Thurgood Marshall Airport, Series 2012A

During the year ending June 30, 2012, the Authority issued \$50,905 of BWI Thurgood Marshall Airport (Qualified Airport Bonds – AMT) 2012A Bonds to finance a portion of the costs of certain projects (Airport Facilities Projects) located at BWI Marshall Airport. These bonds are secured equally and ratably by PFC collections on a parity basis with the other outstanding PFC Bonds. The Bonds mature in annual installments of original principal ranging from \$1,795 to \$3,780 from June 1, 2013 to June 1, 2032, with yields ranging from 0.74% to 4.30%, at an All-In True Interest Cost at 3.79%. The facilities are leased to the MAA through a direct financing lease (see Note 10).

The debt service reserve fund for the year ending June 30, 2013 amounted to \$14,121, which amount secures the Series 2012A, 2012B and 2012C PFC Bonds hereafter described. The Series 2012A PFC Bonds issued in accordance with the provisions of the master 2003 Trust Agreement, as supplemented, and the interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, MDOT or the MAA, but are payable solely from the PFCs, which the Authority receives from MAA in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the PFC Revenue Bonds Series 2012A for the year ending June 30, 2013:

Passenger Facility Charge Revenue Bonds, Series 2012A

Passenger Facility Charge Revenue Bonds BWI Thurgood Marshall Airport, Series 2012B

During the year ending June 30, 2013, the Authority issued \$92,070 of BWI Thurgood Marshall Airport (Qualified Airport Bonds – AMT) Series 2012B Bonds to finance a portion of the costs of certain projects (Airport Facilities Projects) located at BWI Marshall Airport. These bonds are secured equally and ratably by PFC collections on a parity basis with the other outstanding PFC Bonds. The Bonds mature in annual installments of original principal ranging from \$5,460 to \$7,765 from June 1, 2014 to June 1, 2027, with yields ranging from 0.63% to 2.65%, at an All-In True Interest Cost of 2.42%. The facilities are leased to the MAA through a direct financing lease (see Note 10).

The debt service reserve fund for the year ending June 30, 2013 amounted to \$14,121, which amount secures the Series 2012A, 2012B and 2012C PFC Bonds described herein. The Series 2012B PFC Bonds issued in accordance with the provisions of the Master 2003 Trust Agreement, as supplemented, and the interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, MDOT or the MAA, but are payable solely from the PFCs, which the Authority receives from MAA in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the PFC Revenue Bonds Series 2012B for the year ending June 30, 2013:

Passenger Facility Charge Revenue Bonds, Series 2012B

Year Ending June 30,	Principal	Interest	Total
2014	\$ 5,460	\$ 2,510	\$ 7,970

Variable Rate Passenger Facility Charge Revenue Bonds BWI Thurgood Marshall Airport, Series 2012C

During the year ending June 30, 2013, the Authority issued \$43,400 of BWI Thurgood Marshall Airport (Qualified Airport Bonds – AMT) 2012C Bonds to finance a portion of the costs of certain projects (Airport Facilities Projects) located at BWI Marshall Airport. These bonds are secured equally and ratably by PFC collections on a parity basis with all other outstanding PFC Bonds. The Bonds fully mature on June 1, 2032 via sinking fund payments due on a term bond in the amount of \$43,400. The facilities are leased to the MAA through a direct financing lease (see Note 10). The interest rates on the bonds are variable and the weekly reset rate was 0.09% as of June 30, 2013.

The debt service reserve fund for the year ending June 30, 2013 amounted to \$14,121, which amount secures the Series 2012A, 2012B and 2012C PFC Bonds described herein. The Series 2012C PFC Bonds issued in accordance with the provisions of the Master 2003 Trust Agreement, as supplemented, and the interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, MDOT or the MAA, but are payable solely from the PFCs, which the Authority receives from MAA in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the PFC Revenue Bonds Series 2012C for the year ending June 30, 2013:

Variable Rate Passenger Facility Charge Revenue Bonds, Series 2012C

BWI Airport Consolidated Rental Car Facility Bonds, Series 2002

During the year ending June 30, 2002, the Authority issued \$117,345 of BWI Airport Consolidated Rental Car Facility Taxable Limited Obligation Revenue Bonds, Series 2002 (the Series 2002 Rental Car Facility Bonds), to finance the costs of a rental car facility located in the vicinity of BWI Marshall Airport. The interest rates on the bonds ranged from 2.74% to 6.65%. These bonds mature in annual installments of original principal ranging from \$600 to \$8,505 from July 1, 2003 to July 1, 2032. The facility is leased to the MAA through a direct financing lease (See Note 10).

The Series 2002 Rental Car Facility Bonds are payable as to principal and interest solely from Customer Facility Charges (CFC) and contingent rent, if applicable, from the MAA. The CFC rate in 2013 was \$3.75 (not in thousands). CFC collections were \$12,902 for the fiscal year ending June 30, 2013. The Series 2002 Bonds, issued in accordance with the provisions of the 2002 Trust Agreement, and the interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, MDOT or the MAA, but are payable solely from the CFCs and contingent rent, if applicable, which the Authority will receive in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the Series 2002 Rental Car Facility Bonds for the year ending June 30, 2013:

BWI Airport Consolidated Rental Car Facility Bonds, Series 2002

BWI Airport Parking Revenue Refunding Bonds, Series 2012A & 2012B

During the year ending June 30, 2012, the Authority issued \$190,560 of BWI Airport Parking Revenue Refunding Bonds, Series 2012A – Governmental Purpose and Series 2012B – Qualified Airport – AMT (the Series 2012A and B Bonds), to refinance the outstanding BWI Airport Parking Revenue Bonds, Series 2002A – Governmental Purpose and Series 2012B – Qualified Airport – AMT (the Series 2002A and B Bonds). The interest rates on the Series 2012 A and B Bonds range from 4.00% to 5.00%. The 2012 A and B Bonds mature in annual installments of original principal ranging from \$8,535 to \$16,455 from March 1, 2013 to March 1, 2027. The parking garage is leased to the MAA through a direct financing lease (See Note 10).

The Series 2012A and 2012B Bonds are payable as to principal and interest solely from the parking fees collected at BWI Marshall Airport. The Series 2012A and 2012B Bonds issued in accordance with the provisions of the 2002 Trust Agreement, as supplemented by the 2012 Supplemental Trust Agreement, and interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, MDOT or the MAA, but are payable solely from the parking fees, which the Authority will receive in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply. The following summarizes the bonds payable maturities and sinking fund requirements excluding unamortized premium on the Series 2012A and B Bonds for the year ending June 30, 2013.

Airport Parking Revenue Refunding Bonds, Series 2012A & 2012B

Lease Revenue Bonds Metrorail Parking Projects Series 2004

During the year ending June 30, 2004, the Authority issued \$40,000 of Lease Revenue Bonds Metrorail Parking Projects Series 2004 (The Metrorail Parking Bonds) to finance three parking garages for the Washington Metropolitan Area Transit Authority (WMATA) at metrorail facilities in New Carrollton, Largo and College Park, Maryland. The interest rates on the bonds ranged from 3.00% to 5.00%. These bonds mature in annual installments of original principal ranging from \$1,040 to \$2,780 from July 1, 2006 to July 1, 2028. The facilities are leased to WMATA through a direct financing lease (see Note 10).

The Metrorail Parking Bonds are payable as to principal and interest solely from pledged revenues payable to the Authority by WMATA under the Facility Lease Agreement and by Prince George's County, Maryland under the Project Agreement and the Deficiency Agreement (as defined in the 2004 Trust Agreement). The parking surcharge rate (not in thousands) for 2013 was \$0.75 per day and parking surcharge revenues for the year ending June 30, 2013 amounted to \$3,451. The debt service reserve fund as of June 30, 2013 was \$2,927 and the requirement is \$2,924, which is the maximum annual debt service in the bond year ending July 1, 2014. The Metrorail Parking Bonds issued in accordance with the provisions of the 2004 Trust Agreement and interest thereon, do not constitute a debt or pledge of the faith and credit of the State of Maryland, the MDOT, the Authority or Prince George's County, but are payable solely from pledged revenue which the Authority receives from WMATA in the form of direct financing lease payments. These bonds carry certain financial covenants with which the Authority must comply.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the Metrorail Parking Bonds for the year ending June 30, 2013:

Lease Revenue Bonds Metrorail Parking Projects Series 2004

Lease Revenue Bonds Calvert Street Parking Garage Project, Series 2005

During the year ending June 30, 2006, the Authority issued \$23,760 of Lease Revenue Bonds Calvert Street Parking Garage Project, Series 2005 (the Calvert Street Parking Garage Bonds) to finance the cost of a parking garage for State of Maryland employees in Annapolis, Maryland. The facility is leased to the Maryland Department of General Services (DGS) through a direct financing lease (See Note 10). The interest rates on the bonds ranged from 3.25% to 4.375%. These bonds mature in annual installments of original principal ranging from \$585 to \$1,415 from July 1, 2007 to July 1, 2032. Principal and interest on the Calvert Street Parking Garage Bonds will be paid under a Facility Lease with DGS, and such other revenues attributable to the leasing of the garage and other funds held under a Trust Agreement dated as of June 1, 2005. DGS's obligation to make rental payments is subject to appropriation by the General Assembly. The bonds do not constitute a debt or pledge of the full faith and credit of the State of Maryland, DGS, or the Authority.

The following summarizes the bonds payable maturities and sinking fund requirements, excluding unamortized premium, on the Calvert Street Parking Garage Bonds for the year ending June 30, 2013:

NOTE 6 – COMMITMENTS AND CONTINGENCIES

Leases

In January 2013, the Authority entered into a two year extension of the present lease for office space for the Authority's Division of Information Technology, Office of Planning and Project Management, Division of Finance and the Office of Human Resources and Work Force Development Training Sections. Rent expense for the year ending June 30, 2013 totaled \$345.

The following is a schedule showing future minimum lease payments:

<u>Year Ending June 30,</u>	<u>Lease Payments</u>
2014	\$ 346
2015	\$ 173
Total	<u>\$ 519</u>

Contracts

For the year ending June 30, 2013, the Authority was contractually liable for \$872,762 of uncompleted construction and improvement contracts relating to its various projects. Exclusive of that amount, the Authority currently contemplates the expenditure, through 2019, of \$2,222,449 for capital additions, improvements and major rehabilitation.

NOTE 7 – RETIREMENT BENEFITS

The Authority and its employees contribute to the Maryland State Retirement and Pension System (System). The System is a cost-sharing multiple-employer public employee retirement system established by the State to provide retirement, death and disability benefits for State employees and employees of participating entities within the State. The Authority accounts for the Plan as a cost-sharing multiple-employer public employee retirement system. A separate valuation is not performed for the Authority. The Authority's only obligation to the System is its required annual contribution. The System is administered by a Board of Trustees in accordance with the State Personnel and Pensions Article of the Annotated Code of Maryland, Section 35-201. The System prepares a separate Comprehensive Annual Financial Report, which can be obtained from the Maryland State Retirement Agency, 120 East Baltimore Street, Suite 1600, Baltimore, Maryland 21202.

The System includes several plans based on date of hire and job function. Authority employees are members of the Employees' and Teachers' Retirement System, Employees' and Teachers' Pension System, or Law Enforcement Officers' Pension System.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

The Employees' and Teachers' Retirement System (the Retirement Plan) includes those employees hired prior to January 1, 1980 who have not elected to transfer to the Employees' and Teachers' Pension System (the Pension Plan) and are not a member of the Law Enforcement Officers' Pension System (the Officers' Plan). Conversely, members of the Pension Plan include those employees hired after January 1, 1980 and prior employees who elected to transfer from the Retirement Plan and are not a member of the Officers' Plan. Members of the Officers' Plan include all Authority law enforcement officers.

Members of the Retirement Plan become vested after 5 years. Members are generally eligible for full retirement benefits upon the earlier of attaining age 60 or accumulating 30 years of eligible service regardless of age. The annual retirement allowance equals $1/55$ (1.8%) of the member's highest three-year average final salary (AFS) multiplied by the number of years of accumulated creditable service. A member may retire with reduced benefits after completing 25 years of eligible service. Benefits are reduced by 0.5% per month for each month the payments begin prior to age 60 or 30 years of eligible service, whichever is less. The maximum reduction for a member is 30%.

The Pension Plan includes several components based on a member's date of hire. This is the result of legislative changes to the Pension Plan enacted in 1998, 2006 and 2011. Provisions for these components are largely the same; however, important distinctions exist in the areas of member contributions, retirement eligibility and benefit calculations. Generally, the greatest distinctions for members of the plan exist for those hired before July 1, 2011, and those hired on or after that date. The following applies to members of the Pension Plan hired before July 1, 2011. Vesting occurs once members have accrued at least 5 years of eligible service. Members of the Pension Plan are generally eligible for full retirement benefits upon attaining age 62, with specified years of eligibility service, or accumulating 30 years of eligibility service regardless of age. Generally, the annual pension allowance for a member equals 1.2% of the member's three-year AFS, multiplied by the number of years of creditable service accumulated prior to July 1, 1998, plus 1.8% of the members' AFS, multiplied by the number of years of creditable service accumulated subsequent to June 30, 1998. A member may retire with reduced benefits upon attaining age 55 with at least 15 years of eligible service. Benefits are reduced by 0.5% per month for each month remaining until the retiree reaches the normal retirement service age. The normal retirement service age is 62 with a maximum reduction of 42%.

The following applies to members of the Pension Plan hired on or after July 1, 2011. Vesting occurs once members have accrued at least 10 years of eligible service. To receive full retirement benefits, eligibility is determined by the Rule of 90, which requires that the sum of the member's age and years of eligibility service is at least 90. The annual pension allowance for a member equals 1.5% of the member's five-year AFS multiplied by the number of years of creditable service. A member may retire with reduced benefits upon attaining age 60 with at least 15 years of eligible service. Benefits are reduced by 0.5% per month for each month remaining until the retiree reaches the normal retirement service age. The normal retirement service age is 65, with a maximum reduction of 30%.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

For members of the Officers' Plan, vesting occurs once members have accrued at least 5 years of eligible service. Members are eligible for full retirement benefits upon the earlier of attaining age 50 or accumulating 25 years of eligible service regardless of age. Generally, the annual pension allowance for a member equals 1/50 (2.0%) of the member's AFS, multiplied by the number of years of creditable service up to 30 years plus 1.0% of the member's AFS for creditable service in excess of 30 years. The Officers' Plan does not provide for early retirement.

Funding Policy

Each of the above plans are funded by contributions from its members and contributions from the State and participating governmental agencies. The Authority's required contributions are estimated by annual actuarial valuations using the entry age normal cost method with projection and other actuarial assumptions adopted by the Board of Trustees. Members of the Retirement System and the Law Enforcement Officers' Pension System are required to contribute 5% to 7% earnable compensation.

The Authority's contributions, which equal 100% of the annual required contributions, for the three years ending June 30, 2013, 2012, and 2011 are as follows:

	<u>2013</u>		<u>2012</u>		<u>2011</u>
Authority contribution	\$ 20,687	\$	18,657	\$	18,070
Percentage of payroll	25.7%		22.8%		22.6%

NOTE 8 – OTHER POSTEMPLOYMENT BENEFITS

State Employee and Retiree Health and Welfare Benefits Program of Maryland:

Plan Description:

Members of the State Retirement, Pension, and Law Enforcement Officers' Systems and their dependents are provided postemployment health care benefits through the State Employee and Retiree Health and Welfare Benefits Program (Plan). The Plan is a cost-sharing defined-benefit healthcare plan established by the State Personnel and Pensions Article, Sections 2-501 through 2-516 of the Annotated Code of Maryland. The Plan is self-insured to provide medical, hospitalization, prescription drug and dental insurance benefits to eligible State employees, retirees, and their dependents. A separate valuation is not performed for the Authority. The Authority's only obligation to the Plan is its required annual contribution.

Effective June 1, 2004, the State established the Postretirement Health Benefits Trust Fund (OPEB Trust) to receive appropriated funds and contributions to assist the Plan in financing the State's postretirement health insurance subsidy. The OPEB Trust is established in accordance with the State Personnel and Pensions Article, Section 34-101 of the Annotated Code of Maryland and is administered by the State of Maryland. The Plan is included in the State's CAFR which can be obtained from the Comptroller of Maryland, LLG Treasury Building located in Annapolis, Maryland.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Authority employees are members of the Plan. Members, generally, may enroll and participate in the health benefit options if the retiree ending State service with at least 10 years of creditable service and within five years before the age at which a vested retirement allowance normally would begin or if the retiree ending State service with at least 16 years of creditable service.

Funding Policy

Beginning in fiscal year 2008, State law requires the State's Department of Budget and Management to transfer any subsidy received as a result of the federal Medicare Prescription Drug Improvement and Modernization Act of 2003 or similar subsidy to the OPEB Trust to fund OPEB benefits. To further prefund benefits, during fiscal year 2008, the State transferred funds from the State Reserve Fund Dedicated Purpose Account. Additionally, the State is required by law to provide funding each year for the Plan for the State's share of the pay-as-you-go amount necessary to provide current benefits to active and retired employees and their dependents. Funds may also be separately appropriated in the State's budget for transfer to the OPEB Trust. Based on current practice, the State subsidizes approximately 50% to 85% of covered medical, dental, prescription, and hospitalization costs, depending on the type of insurance plan. The State assesses a surcharge for postemployment health care benefits, which is based on health care insurance charges for current employees. Costs for postretirement benefits are for State of Maryland retirees. The State does not distinguish employees by employer/State agency. Instead, the State allocates the postemployment health care costs to all participating employers.

For the years ending June 30, 2013, 2012, and 2011, the State did not allocate postemployment health care costs to participating employers and as a result did not require a contribution to be made by the Authority.

NOTE 9 – RISK MANAGEMENT AND LITIGATION

Accrued Workers' Compensation Costs

The Authority has recorded its portion of the State of Maryland's workers' compensation costs. The workers' compensation costs accrual represents the liability for anticipated claims and claims expense for the Authority's employees, less the cumulative excess of premiums paid to the Injured Workers' Insurance Fund and net investment income applicable to the Authority's coverage. Changes in the balance for the Authority's worker compensation liability for the years ending June 30 are as follows:

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Workers' Compensation

(In Thousands)

	For The Year Ending June 30, 2013
Unpaid Claims, beginning of year	\$ 11,291
Incurred Claims and changes in estimates	3,366
Claim payments	<u>(2,864)</u>
Total unpaid claims, end of year	<u>\$ 11,793</u>

Self-Insurance and Third-Party Insurance

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority participates in the State of Maryland's self-insurance program (the Program), which covers general liability, property and casualty, workers' compensation, environmental liabilities and provides certain employee health benefits.

The Program allocates its cost of providing claims servicing and claims payments by charging a premium to the Authority based on a percentage of estimated current payroll or based on average loss experience. In addition, the Authority maintains certain third party policies for structural property and liability damages. Settlements did not exceed insurance coverage for damages over the past three fiscal years. The Authority's premium payments for the year ending June 30, 2013 were approximately \$7,932.

Litigation

The Authority is a defendant in a number of claims and suits resulting from capital and maintenance contracts and other operational matters. The Authority plans to vigorously defend these claims. In the opinion of the Authority's management, the settlement of these claims will not have a material adverse effect on the accompanying financial statements.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

NOTE 10 – RELATIONSHIPS WITH OTHER GOVERNMENTAL AGENCIES

The Authority has entered into contractual agreements and performs services for other governmental agencies. The Authority receives rent, interest income, and fees for services, which are included in intergovernmental revenue in the accompanying financial statements. In addition, other governmental agencies provide services to the Authority, which are included in the appropriate expense category.

The Authority's intergovernmental revenue for the year ending June 30, 2013 is as follows:

Intergovernmental Revenue Summary

Federal Highway Administration	\$	87,451
Maryland Aviation Administration (MAA)		17,620
Internal Revenue Service		14,446
Maryland Port Administration (MPA)		5,807
State Highway Administration and Other		1,459
Federal Emergency Management Agency		517
Mass Transit Administration		370
Maryland Motor Vehicle Administration (MVA)		(10)
	\$	<u>127,660</u>

Federal Highway Administration

The Federal Highway Administration (FHWA) provided funding for the Intercounty Connector Project (ICC). This funding is in the form of Grant Anticipation Revenue Vehicle (GARVEE) bond proceeds. For the year ending June 30, 2013, intergovernmental revenue of \$87,451 was received from the Federal Highway Administration.

Maryland Aviation Administration

The Maryland Transportation Authority Police provide law enforcement services at the Maryland Aviation Administration's Baltimore/Washington International Thurgood Marshall Airport. Protection is provided in the main terminal and lots, as well as the rental car and cargo facilities. For the year ending June 30, 2013, intergovernmental revenue of \$17,620 was received from the Maryland Aviation Administration.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Internal Revenue Service

For the year ending June 30, the Authority received a subsidy of \$14,446 from the Internal Revenue Service for the Series 2009B and 2010B Build America Bonds (BABs) issued by the Authority in December, 2009 and July, 2010, respectively. The 35% subsidy on bond interest payments due on the BABs was subject to an 8.7% reduction caused by sequestration effective March 1, 2013.

Maryland Port Administration

The Maryland Transportation Authority Police provide the primary security at the Maryland Port Administrations facilities (Port of Baltimore). Among the areas protected are the Seagirt and Dundalk Marine Terminals, the Cruise Maryland Passenger Terminal and the Administrations' World Trade Center headquarters building in downtown Baltimore. For the year ending June 30, 2013, intergovernmental revenue of \$5,807 was received from the Maryland Port Administration.

Maryland Transportation Authority
Notes to the Financial Statements
June 30, 2013
(In Thousands)

Direct Financing Lease Receivable

The Authority has entered into capital lease agreements with other governmental agencies, whereby the Authority loaned or issued conduit debt to finance certain other governmental agencies projects.

The Authority's direct financing lease receivables and notes receivable outstanding for the year ending June 30, 2013, consisted of the following:

	Direct Financing Lease Receivable	Notes Receivable
Maryland Port Administration	\$ -	\$ 9,511
Maryland Aviation Administration	321,181	-
Washington Metropolitan Area Transit Authority	27,544	-
Maryland Department of General Services	19,297	-

Maryland Port Administration

The Authority and the Maryland Port Administration (MPA) entered into a capital lease agreement, on April 21, 1998, whereby the Authority finances an amount not to exceed \$20,000 and MPA designed, engineered, constructed and currently operates the Masonville Phase I Auto Terminal. Payments are made to the Authority in twenty equal installments, including interest at a rate of 5.5%, which began on June 30 in the year following the completion of construction. Principal due on this lease for the year ending June 30, 2013, is approximately \$1,090. The present value of the capital lease as of June 30, 2013, is as follows:

Masonville Phase I Auto Terminal

<u>Year Ending June 30,</u>	<u>Lease Payments</u>
2014	1,674
2015	1,674
2016	1,674
2017	1,674
2018-2020	5,019
Total Future Payments	11,715
Less: Unearned Income	2,204
Total	<u><u>\$ 9,511</u></u>

Maryland Aviation Administration

The Authority has direct financing leases with the Maryland Aviation Administration (MAA). The Authority borrowed funds to finance the development and construction of certain airport facilities projects at BWI Marshall Airport. The Authority leases these airport facilities project assets to MAA under capital leases expiring on the date at which the Authority has recovered all of its costs related to the airport facilities projects. Per the related facility lease and financing agreements, amounts due the Authority under these capital leases are identical to the debt payment terms of the Variable Rate Passenger Facility Charge Revenue Bonds (BWI Airport Facilities Projects), Series 2003, Passenger Facility Charge Revenue Bonds (BWI Airport Facilities Projects) Series 2012A and Series 2012B and the Variable Rate Passenger Facility Charge Revenue Bonds (BWI Airport Facilities Projects) Series 2012C, BWI Airport Consolidated Rental Car Facility Bonds Series 2002 and BWI Airport Parking Revenue Bonds Series 2012, detailed in Note 5. MAA funds the leases through payment to the Authority of all revenues received from the facilities financed under these lease agreements.

Washington Metropolitan Area Transit Authority

The Authority has a direct financing lease with the Washington Metropolitan Area Transit Authority (WMATA). The Authority borrowed funds to finance the development and construction of certain parking facilities projects at Metrorail stations in the Washington DC metropolitan area. The Authority leases these project assets to WMATA under capital leases expiring on the date at which the Authority has recovered all of its costs related to the parking facilities projects. Per the related facility lease and financing agreements, amounts due the Authority under these capital leases are identical to the debt payment terms of the lease revenue bonds, Metrorail Parking Projects Series 2004 Bonds. WMATA funds the lease through rental payments to the Authority's Trustee equal to the schedule of debt service requirements for the bonds. The present value of the direct financing lease for the year ending June 30, 2013, is as follows:
